

MIGHTY VOYAGER

MIGHTY SERIES

ITEM # F-VGRPL

U.S. Patent No. D507,769S

ABOUT:

Everyone can enjoy a day at the pool, and it doesn't have to involve drilling into your deck to make it happen. Introducing the Mighty Voyager — a whole new perspective on pool accessibility. With a unique and portable design that doesn't require extensive mounting, users are able to move the lift as needed making it the perfect option for homeowners, facilities with multiple pools, and those who are looking for a convenient or less permanent solution. This free-standing lift boasts a 325 pound weight capacity, achieved by utilizing a sand ballast system. The 15 inch opening allows for easy filling and removal of sand when necessary, and by purchasing sand separately, a considerable amount is saved in shipping costs. Adding to the functionality of this lift is a whisper-quiet 255 degree rotation, making pool entry seamless. The Mighty Voyager is available in your choice of accent colors. Choose from our standard color options, or ask about customized color options.

FEATURES:

- ADA Compliant & UL Safety Certified
- ADA Fixing Kit included for ADA compliance
- 325 lb (147 kg) weight capacity
- Whisper quiet 255 degree rotation
