

# SCOUT EXCEL

REVOLUTION SERIES

ITEM # F-SCTXL

U.S. Patent Nos.  
7,249,386 B2 & D507,769 S

## ABOUT:

A whisper-quiet 360 degree rotation in both directions, adjustable seat height, and an impressive 375 pound weight capacity makes the Scout Excel the perfect solution for almost any pool. One of our top selling lifts, this improved versatile design allows you to set the lift further back from the pool, while simultaneously clearing spa walls and pool curbs up to 26 inches high. All this combined with its minimalist aesthetic makes the Scout Excel an undeniable front-runner in the world of pool accessibility. The base of the lift fits into a standard 1.9 x 6 inches stanchion anchor, and adapters can be purchased for the lift to fit many other anchors that might already be in your pool deck. Why limit yourself? With a variety of custom colors and add-ons, you can truly make this lift your own.
